OTHER SKILLS

Throughout my career I have become a resourceful and proactive person. Thanks to the changes and challenges that I have acquired in my professional and personal life by living in four countries with different cultures, I am able to listen and carefully observe those around me. This has helped me pay more attention to detail and be able to work as a team with ease.

HIGHLIGHTS

- Professional in audiovisual media with more than four years of experience creating multimedia content for several platforms to boost brand awareness and engagement in the brand and increasing visibility and sales.
- Experience with an estipulate budget, launching digital campaigns, metric analysis and management of digital communities.
